

Donations

Not every Barbershopper – or Barbershop Chapter – is prepared or motivated to make the commitment necessary to promote Youth in Harmony initiatives. That is totally understandable! After all, the vast majority of members of the Barbershop Harmony Society got involved because of their love of singing – not because they wanted another job to do....

But every barbershopper can get involved in Youth in Harmony initiatives!

Please consider providing financial support for this critical endeavor to the lives of young people everywhere – and the future of our hobby! That can be as simple as dropping \$1 a week into at YIH Jar at rehearsal or as significant as making a monthly/annual pledge to one of the foundations which provide significant funds for Youth in Harmony events.

Here are some ways you might consider financially supporting the work of others involved in Youth in Harmony across the country!
