

You Deserve a Standing Ovation!

The Standing Ovation Program

The Standing Ovation Program offers choruses and quartets the opportunity to be evaluated in a public performance setting. A trained evaluator will offer input to areas that may need improvement and provide a list of resources that can provide direct and positive assistance.

Why Should I Participate?

- Get an evaluation of your current status.
- Determine strengths and areas to improve.
- Identify resources to capture opportunities for improvement.
- Better public performances create:
 - o Great recruiting tools.
 - o Great fund raisers.
 - o Great community service activities.

Is This for Choruses or Quartets?

- Yes. Both quartets and choruses can benefit from the program.
- You may even request the evaluator provide separate reviews for each quartet that performs a package in the show.

When we perform,
we are in
Show Business,
and
we must entertain
to stay alive!

Does This Really Work?

- Quartets and choruses love this program!
- Many have Standing Ovation Evaluators many times and keep going back for more
- This program is one of feedback from expert reviewers. All of us can make good use of expert feedback.

Musically transport your audience to a place of their own choice, and bring them back to this place, the better for the experience of having gone there.
